

To Live – Or Die

The overwhelming thought that came to “**Mind**” while translating (into English) and reading 39-369 & 40-369 - Fedor has written what I have felt for most of my life. In other words, I have questioned the “**Meaning of Life**” for my entire life, since I was a child. Oh, I came to “**Moveable Conclusions**”, only to see them **DISAPPEAR**, as my “**Mind**” opened up to New and Better avenues of Comprehension. I wanted the “**Whole Truth**” and yet, the **PROCESSES** I was using were **FLAWED** - the “**Whole Truth**” eluded me.

How correct you are, Fedor – “*To understand means to embrace, to set boundaries.*” This led to my, and many others like me, **LIMITED TRUTH**. No matter how sincere I was, nor how much time I dedicated to Truth, I continued to uncover greater and greater and greater Truth, that **DISPELLED the EARLIER TRUTH** I thought was profound, realizing it was simply a Stepping-Stone, with **NO GUARANTEE** of Life, nor “**Further Development**”.

The article brought to memory - after I served in the Marine Corps, I was involved with groups who attempted to **FIX** the problems in our country, all to no avail. What we managed to do was **ISOLATE** ourselves and ended up in an **ADVERSARIAL POSITION** to the **GOVERNMENTAL SYSTEM** we despised. It took me years to realize, we were still **OPERATING WITHIN** the very **SYSTEM THAT PRESENTED THE PROBLEM**. It was a **CATCH-22**, as long as we were **UNABLE** to see “**Beyond/Outside**” the **OLD PROCESS**. Even though we were creating “**New Neural-Pathways**”, they were still within the **CONFINES** of a **SYSTEM** that was fully entrenched in the **SLAVE PROGRAM**.

When the fullness of the **IMPACT** hit my “**Mind**” – “**New Neural-Pathways**” are nearly always formed in the **OLD SYSTEM** (that which I understood then) – I began to push harder and harder into “**Understanding**” what constituted “**NON-PROGRAM Neural-Pathways**”, the Rooms, Roads of our “**Mind**”. This journey eventually led me to the New Knowledge and a Greater Truth – “**Truth Is Always Evolving**”.

Most of us, those that seek Truth, fail to understand the “**CEILING**” was set. In other words, we are **LIMITED** in our ability to “**Transcend**” the **OLD PROGRAM**. Therefore, we spend the entirety of our lives in the attempt at finding “**The Answers To Life**”, never once realizing we are **SPIRITUALLY ASCENDING PAWNS (LIMITED by the CEILING)**. Yet, for those “**Diligent-In-Their-Quest**”, they ultimately “**See The Light**”.

I know there are very few folks capable of “**Advanced Planning**”, which requires the ability to “**See into a Future World**”, one **UNLIKE** the current **OLD and DYING SYSTEM**. Yet, this is what we must do. Short of this, we **DIE**. **DEATH**, most assuredly awaits us, the **OLD SYSTEM GUARANTEES IT**. And, until we “**Discover**” that “**Truth - Truth Is Ever Changing**”, we will be **FOREVER “BOUND TO DEATH”**. It is the **OLD SYSTEM’S “INSURANCE PROGRAM”**.

I am thinking there are a few people who will read 39 & 40 and have a **“Mental Recognition”** of what is necessarily required **“Today”, for a Future/Life**. The **“NON-PERFORMER”** in the **DARKNESS/WOMB**, well, **he will continue drinking, eating, relieving himself, sleeping - in an ENDLESS CYCLE OF STUPIDITY.**

To **“Seek Life”**, as opposed to **“DEATH”**, one must first realize this **Truth - “Individually”** – where we **“See” ourselves “Eternally Living”** and in achieving this we become **“Co-Visionaries”**, helping to create a World where others, like us, **“Seek Life”**. It is only after we, as an individual, realize we have **SOUGHT DEATH** our entire **LIFE** and now **Seek Life**, that we can truly participate with others in the **“Life Process”**, and start actively **“Planning”**.

We must seek **Like-Minded Folk**. Those with the ability and desire to **“Live”**, rather than **“DIE”**. We must **“Reach Out”** to those we are nudged to speak with. Few will accept our words. For example, I have had numerous conversations over the last six or so months, all of which revolved around commitment to the New Knowledge, which I feel has a prerequisite – **“Understanding There Is Nothing More Important”**. I fully hold there is **Nothing of Greater Value than the New Knowledge and the furtherance of this Truth**, knowing it **“Evolves”** as we move further into it, the impetus of movement. No matter how many folks I share this with, no matter how sincere I am, few listen and it is those few we want. It can truly be no other way.

The message in the **articles 39-369 & 40-369** will only be revealed to those capable of understanding - **Truth is Relative**. Those who are **True Seekers** have experienced this phenomenon, our **Sacred Truth today**, is often tomorrow's **DISCARDED GOLDEN CALF**. Your statement – **“Only foolish people say that if I have changed my views once, I have no faith”**, are the words of the **MASS** and their **LEADERS**, the **“NON-PERFORMERS”**. The very **“Idea”** of **“Change”** is a **“Requisite Process”**, one that reveals the **“Developing Mind”**, as opposed to the **“STAGNANT MIND”**, where development ceased when **HE REALIZED (FOOLED HIMSELF) HE HAD DISCOVERED ULTIMATE TRUTH – THERE CAN BE NO MORE DISCOVERY**.

I, as well as many others, came to this Earth seeking Truth, I have known this my whole life. Yet, I discovered one Truth after another, **DISCARDING** some and Incorporating others - along the way. The New Knowledge **“Requires” movement – a “Precondition” to “Upward Mental Mobility”**, in other words evolving the **“Mind”**, i.e., working in Higher Octave Ranges - and then the question comes - what does that mean? How do I do that? And, in the answers to these questions we realize – **“We NEVER Stop Evolving”, “Change Is Inevitably a Manifestation of Truth”**.

I know I have fallen short in my attempt to express the **“Mental Images”** that appeared after reading these two articles. To say it is profound, sounds foolish. **I read the “Process” in the written words - this Process “Necessitates” we “See Life” - for ourselves and humanity.** This excludes even the vision of **EXTENDED LIFE**, i.e., **125 years, 150 years, 200 years**, etc. In my opinion, we must have a **Vision** and **Plan** that only manifests as **“Unlimited Life”**. We must understand **Processes** to do this and realize those **Processes must be in “Constant Upward Evolution”, manifesting in “Ever-Evolving-Plans”**.

And, we are all at different levels, and must **“Realize”** we, **“Individually”**, advance ourselves, a **“Singular Unit of a Multi-Unit”**. For those with a tendency to become **DISHEARTENED** because they are **NOT** at the level of **Levashov, Khatybov, Shkrudnev, Makov** and may **NOT** understand everything these folks have written, **“March ON”**, for that thinking **INHIBITS** the **“Upward Movement”**, we are ourselves and if we are **“Moving Upward”** in search of **Greater Truth, willing to THROW OUT ALL SACRED COWS, we are working towards Life, NOT DEATH.**
